E-POSTER UPLOAD

IN ADDITION to the traditional poster session, there will be also 2 touch screen monitors in the Exhibition Area where all the **posters will be shown for consultancy in digital format** during the whole length of the Symposium.

In order to have your poster uploaded on these monitors, please read carefully the instruction below.

- 1. Click on the link <https://posterit.it/register>** and login with your e-mail address
(Please make sure you use this address as you are registered with this e-mail)
- 2. Fill in the form** provided to activate your account
- 3. Upload your poster**
- 4. In case you should upload posters of different authors, you will have to access the platform using the credentials associated to each one of them (name, surname, email address)** so that the upload of each poster matches with the related user
- 5. Likewise, in case your poster/s should be uploaded by a colleague of yours, you will have to provide your registration details to the colleague responsible for the upload**

Please find below some further instructions to prepare your poster:

- **Format file: PDF**
- Maximum size 200 Megabytes
- **Vertical orientation**
- **Resolution 1080 (width) × 1920 (height) pixel**
- Privilege info graphics and images, which result more readable
- Pictures and images copyrights shall always be checked and notified
- Please **re-name your poster with the poster code number or using your surname before to upload it on the platform** (titles or special characters are not supported as a file name)

IMPORTANT NEWS ABOUT EPS2024 PROCEEDINGS: This year the proceedings book will collect all the pdf files of the oral and poster presentations, so **the poster pdf file that you are going to upload for the onsite consultancy will be used also for the official proceedings**, unless you want to submit the classical old fashioned two or three page proceedings manuscript.

For any further information, please leave a message inside posterit.it, going to the **helpdesk** section of the website.
